- Questions

Elevator Pitch

FilmBank gives a user the ability to:

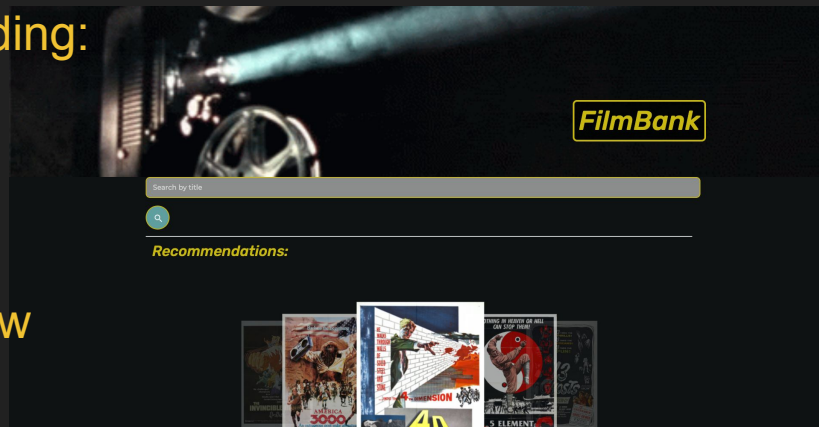

- Search for a film from any time in any genre
- See a list of films that meet the search criteria
- Get a description of any film including:
 - Description
 - Release Date
 - Cast
 - Where It's Streaming
 - New York Times Movie Review

Concept

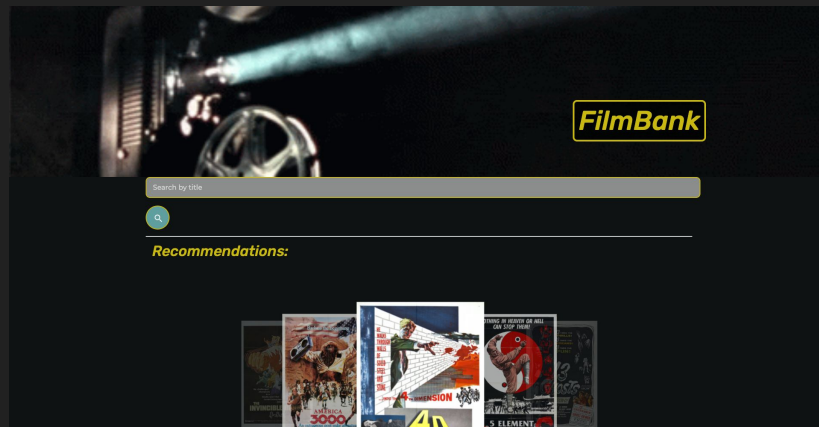

FilmBank gives a user the ability to:

- Search for a film from any time in any genre
- See a list of films that meet the search criteria
- Get a description of any film including:
 - Description
 - Release Date
 - Cast
 - Where It's Streaming
 - New York Times Movie Review

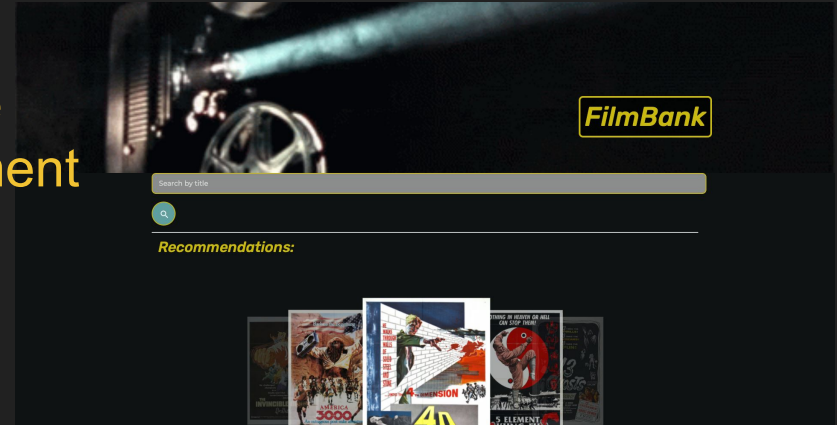

Technology

- HTML
- Materialize CSS
- JavaScript
- The Movie Database (TMDB) API
- The New York Times Movie Review API

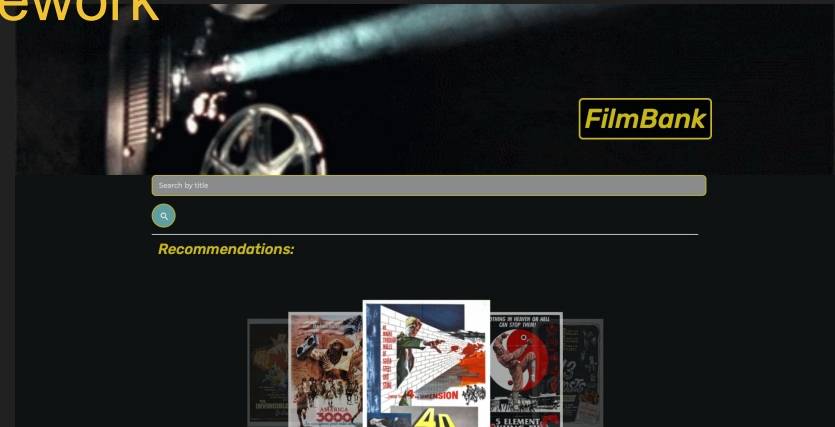

Collaboration & Division of Work

- Difficult on Small Project
- Collaboration on Concept / CSS Framework Selection
- Roles (shared as much as possible)
 - HTML Development
 - JavaScript Development
 - Incorporation of Materialize
 - Slide / README Development
 - Project Management

Challenges We Overcame

- Small Project - Division of Work
- Finding an API that provided the information we needed
- GitHub - Branching and Merging
- Learning a New CSS Framework
